

DIRECTIONS TO:

Samen Eco Gardens

Fanar, Sector 5, Street 85

Exit the Beirut or Sin el Fil Highways towards **Jdeideh**.

At the clock-roundabout in Jdeideh exit to the right of the **Liban Poste**.

You will be staying on this main road for most of the remaining trip. Along the way, you'll pass:

- A regulated crossroads with **traffic lights** → continue straight.
- An **unregulated crossroads** (with a Byblos Bank to your right and the Justice Palace to your left) → continue straight **up the hill**.
- Passing by to your left : **Don Castillo** Restaurant > Armenian school **Hiriptsimiantz** > **Green Hill Hotel** > Gas station - **Mobil Center** → **start slowing down**.

Stop in the middle of the strong right turn in order to drive into the small alley ahead of you, leaving the main road. (To your left, you'll see a small house with a green-yellow-turquoise fence; followed by a road going slightly downhill.)

Drive into the small alley passing to your left an old white house and a white apartment building.

Continue up the hill, past a beige-brown building > another one > and a construction site.

When you see a **slope with abundantly growing aloe, agave and cacti plants** to your right, you'll have reached the gate to our garden and house.
